PROMPT AID IS GIVEN TO NEEDY AMERICANS

Breckinridge Reaches Vienna From Berlin and Immediately Opens Relief Bureau.

MONETARY NEEDS NOT GREAT

Demands Chiefly Made by Refugees for Transportation to United States—Government Official Next Will Visit Switzerland.

ROME, August 27 (via Paris, August 28, 7:05 A. M.)—Advice from Vienna report that Henry S. Breckinridge arrived from Berlin Wednesday and began the work of aiding needy Americans promptly.

Aided by Frederick C. Denfield, the American ambassador, he opened a relief bureau in the evening in the Hotel Imperial. The next day the bureau was crowded with Americans from early morning until midday.

Monetary relief was asked for by comparatively few, demands chiefly being for transportation to America.

It is estimated that there are between 400 and 500 American refugees in Vienna, a majority of whom are prosperous, but anxious to return home quickly.

There is a much larger number in Budapest, where Captain Cross has already gone with \$10,000 in gold.

According to the latest information, the total number of Americans now in Austria-Hungary is about 1,000.

Accelerated train service now running between Vienna and Berlin, and Americans returning home will be able to travel this route to get to Holland.

Mr. Breckinridge hopes to finish his work in Vienna Friday, when he will go to Switzerland.

AMERICANS TO COME HOME

ON ITALIAN LINE STEAMERS
NEW YORK, August 28.—Two additional Italian line steamers have been withdrawn from the South American route and will sail from Italian ports for New York in the near future.

A cablegram to this effect was received here today by the Italian line from its headquarters in Genoa.

The ships thus withdrawn are the Duca d'Aosta, which will sail from Genoa on September 12 and from Palermo and Naples two and three days later.

Each of these vessels can accommodate approximately 300 cabin passengers. The arrival of the Duca d'Aosta yesterday from the American coast during the voyage, also was announced in the cablegram.

ATTITUDE OF AUSTRIA IS PUZZLE TO DIPLOMATS

TOKYO, August 28.—The attitude of Austria during the conversations regarding the Austrian crisis, Kaiserin Elizabeth is causing confusion among the diplomats, and it is said also to have puzzled the Japanese Foreign Office.

It appears that a few days ago the Austrian government ordered its ambassador in Tokyo, Baron Kato, to approach Baron Kato, Japanese Minister of Foreign Relations, and request his consent that the Kaiserin Elizabeth be allowed to proceed to Shanghai and there be interned.

Baron Kato agreed and the British ambassador, through Baron Kato, also declined his willingness.

The Austrian ambassador later visited Baron Kato and stated that the Kaiserin Elizabeth had been disarmed at Tsing Tau, and that the crew had proceeded to Tien Tsin. The following day Baron Kato declared that this did not mean war, but a severance of diplomatic relations.

TO UNITED STATES FOR COAL

Mediterranean and South American countries Order Supplies Here.

NORFOLK, Va., August 28.—Carried by reason of the foreign war from proceeding their usual supply of coal from England or Germany, several countries in the Mediterranean, as well as those in South America, have turned to the United States for the fuel which they urgently require.

The last one of these is Greece, the Government of which has ordered in this country for coal, the first cargo of which is expected to go out in the next few days, which arrived here today to load.

Other cargoes are expected to follow. The first cargo of coal, which was reported at New York that orders have been placed in this country by Greece and Italy for more than 200,000 tons of steam coal.

MANY CALLS ON CHARITY

More Applications for Aid Than at Any Time.

NEW YORK, August 28.—More destitute persons have applied to American charity organizations since the beginning of the European war than at any time since 1893, according to charity workers, who to-day announced that they had about reached the limit of their resources.

The largest percentage of men out of work are drawn from the ranks of the stevedores and others who depend on the movement of transatlantic freights. The cessation of imports also has made idle many who are employed at trades where they use only things imported from Europe.

FOOTBALL MEN FOR ARMY

Incorporation of Brigade of Trained Soldiers in Latest Proposal.

LONDON, August 28.—The incorporation of a brigade of football players in the latest proposal to form a new army is the latest proposal to form a new army. Both the War Office and the Football Association have received it with considerable interest.

The football association has a membership of 7,000 trained athletes, who, it is suggested, might be better employed in charging the Germans on the battlefield than in charging each other on the football field. The council of the association is to hold a meeting on Monday to decide if these 7,000 men shall be released from their present engagements and the football field turned into drill grounds.

Acquitted of Shooting.

C. O. Bishop, a clerk employed by the Richmond, colored, who shot Walter Randolph, colored, on August 8, when the negro attacked him, was dismissed yesterday when arraigned before Justice Griffith. The wounded man has recovered.

RETIREMENT OF ALLIES EXPLAINED BY EXPERT

This Move Shows That Active Defense of Line From Lille to Maubeuge Is Abandoned.

FRONTIER DEFENSE IN DANGER

If Decisive Victory Is Not Gained, Bases on Coast North of Mouth of Somme Must Be Given Up and Shift Made Further South.

LONDON, August 28 (4:55 A. M.)—Retirement of the allies to the line from Leateau to Cambrai shows that active defense of the line from Lille to Maubeuge has been abandoned, according to the military correspondent of the Times.

"The necessity for holding the interval between the Scheldt and Cambrai and the Sambre near Leateau is probably due to the need for holding Mezières," says the correspondent. "Once this point goes, or the Meuse between Mezières and Verdun is penetrated by the invaders, the whole system of frontier defense of Eastern France breaks down, and if the field armies are inferior to the enemy, nothing remains but retreat to the Falaïses of Champagne."

"If this line is skillfully defended it should be most difficult to penetrate. The line from Leateau to Cambrai must expect an enveloping attack on the north, but this attempt will probably fail."

"We have every right to expect success to-day, but if we do not win a decisive victory we must abandon our bases on the coast north of the mouth of the Somme and shift further south, either to Havre or Cherbourg."

"If we are unable to hold the offensive and beat back the German attack from the north, one consequence will be that the Germans will establish aircraft stations along the straits of Dover and thereby will be able to keep us under constant observation."

"We must meet this by a counter attack with searchlights and anti-aircraft guns. Sportsmen should make up practice parties for airship shooting. The Germans will also mount their heaviest guns at any port they seize, and once more there will be an army camped on the coast."

"Let us, however, be grateful for one more day. The international financiers, doctors and lunatics who wished to fit the world with a channel tunnel are silenced for good and all."

KAISER APPEALS FOR AID FOR NEEDY EAST PRUSSIANS

LONDON, August 28 (5:50 P. M.)—A Berlin dispatch, asserting that the Kaiser, reaching here by way of Rotterdam, says that Emperor William has directed the following telegram to his ministers:

"The trials to which my royal Province of East Prussia is subjected by the invasion of Russians fills me with great compassion, but I know the courage of my East Prussians too well not to know that they are ever ready to offer themselves on the altar of the Fatherland, and will readily give their blood for the sake of their country, and manfully bear the hardships of war."

"Confidence in the irresistible might of our heroic army, and unshakable belief in the help of a living God, together with the consciousness that we are fighting for a worthy cause, should give us faith in an early delivery of Germany from its enemies."

"I wish that everything possible shall be done by the German people for those East Prussians who are obliged to leave their homes. With this in view, I have ordered my ministers and various State authorities to assist in the work of relief. Take thorough measures for this purpose, and report to me what has been done."

The dispatch also states that the Reichsanzeiger, the official paper of Berlin, publishes an imperial decree dated August 17 calling on all Germans in foreign military services to return to Germany.

A message received in Berlin from Erling Bjornsen, son of the Norwegian dramatist, asserts that twelve German refugees from East Prussia have been made acts of brutality on the part of Russians.

It is reported that Wilhelm Duewell, the social democrat journalist, has been admitted as a war correspondent to the German main headquarters at the front.

CONFERENCE IN SEPTEMBER

Bankers From Reserve Cities and Other Centers to Meet Here.

WASHINGTON, August 28.—A conference between bankers from the twelve reserve cities and other business centers and the Federal Reserve Board, which will meet here, will be an announcement of the time for opening the new banking system, was called to-day by the Board.

Two bankers have been invited from each reserve city and six from non-reserve cities.

The board will try to be in a position to lay before the bankers a definite program of what, if any, minor changes it expects to see made in the new currency act, and how soon it has decided the new system should be opened for business.

Hundreds of letters have come to board members taking different views of the question. There have been suggestions that the banks be opened as soon as possible, and others that the opening be delayed for months and even years.

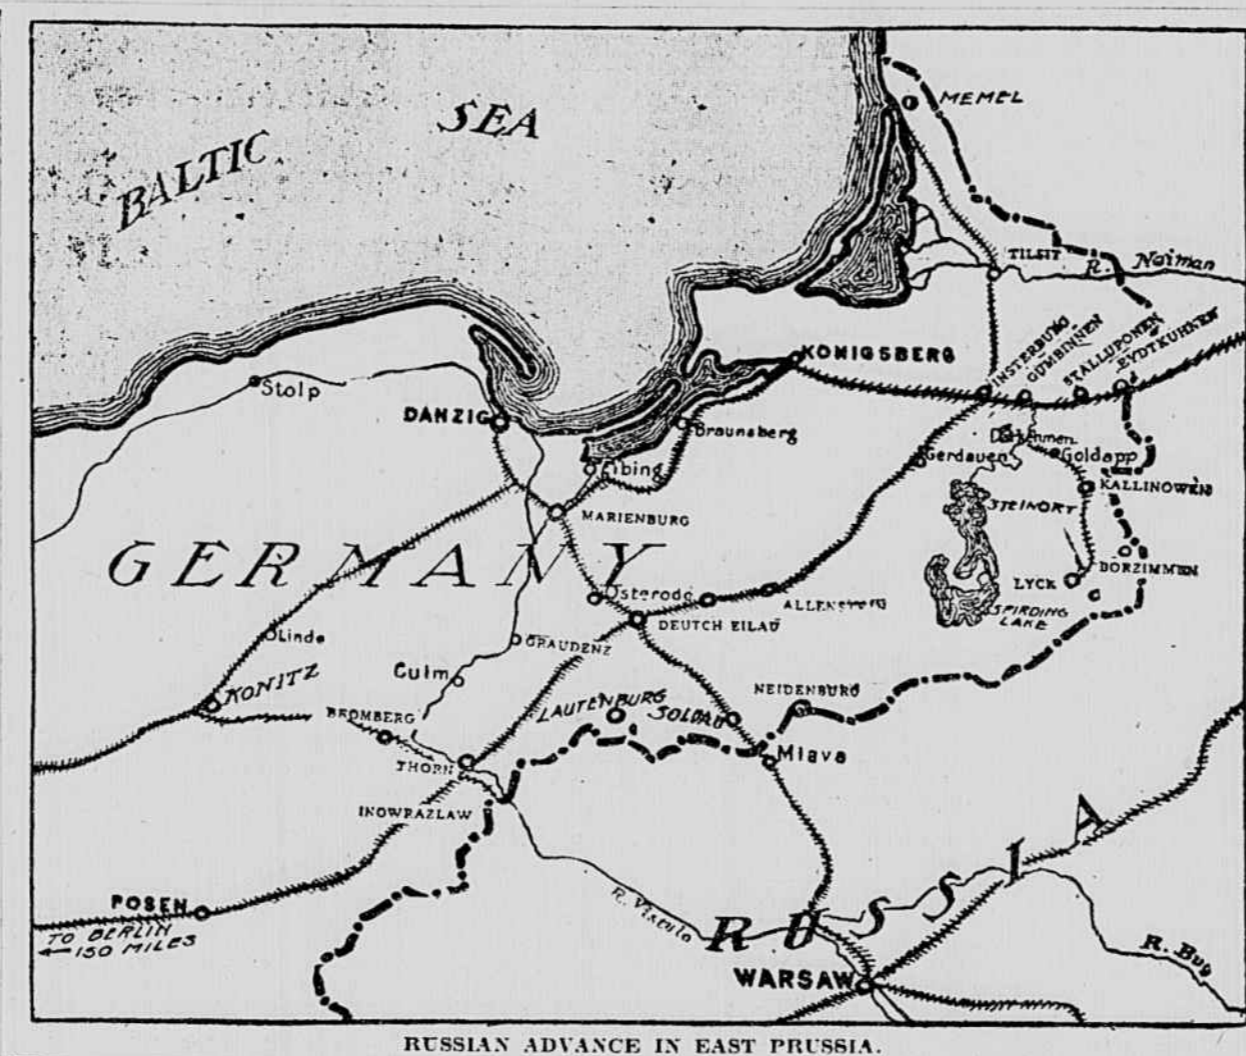

FORMIDABLE DEFENSES PROTECT CITY OF PARIS

Since then the entirely new and modern line of defense has been erected, and military experts say that fortifications as a whole are for more formidable than those resisted the former siege.
